**BUILD ROBOT CODE
ENGINEER DESIGN**

All Girls STEM Saturday

Carrollton Schools, in conjunction with IST and REC Foundation and in support of the United Nations International Day of the Girl, will offer an All Girls STEM Day **October 7, 2017**. This event is designed to encourage young girls to consider possible careers in science, technology, engineering and math by not only providing engaging activities, but also by giving them the opportunity to listen to and interact with women who are leaders and role models in these fields.

Guest Speaker: Heidi Cressman-Director of the Women in Engineering Program at The University of Akron

Girls will experience four hands-on workshops:

VEX Robotics- Build and Program a Robot to do what you tell it to do!

Girls Who Code- Learn about the Core4 computer science concepts that form the basis for all computer programming languages and how they can be combined to build a game, make music or create digital art!

Girl Scouts STEM Activities: Engineering Challenges and Hands-On Science Experiments!

MIT App Inventor- Let's create an app! You will create your own version of Snapchat!

Cost: \$25.00--includes a "This Girl Can" T-Shirt

Sign Up Now...registration is limited to the first
100 girls in 2nd-12th Grade.

Where: Bell-Herron Middle School
252 3rd Street NE
Carrollton, Ohio 44615
